

# Trinity College Career and Life Design Center

You are about 145 days away from stepping into your college experience. We know that you have fantastic potential, and we are eager for you to embrace the absolute value of a Trinity degree. That is why I'm excited to introduce you to [Joseph Catrino](#) and his team in the [Career & Life Design Center](#). Our Career & Life Design Center, at the heart of our community, amplifies the Trinity experience and will help you maximize your potential. Here's how...

Supporting Trinity students in navigating college and career transitions is our mission. Through life design coaching, experiential learning opportunities, and global connections, you will be equipped for immediate success upon graduation. In fact, within six months of graduation, 96% of our Class of 2023 landed a job, continued their educational journey through graduate school, secured prestigious fellowships and volunteer programs like AmeriCorps and Teach for America, or chose to serve in the military. No matter your prospective plans, you will be prepared to actively design your career and use your liberal arts education to adapt to and transform the future of work, as a Trinity Bantam.

Joseph will be hosting a virtual gathering on **Wednesday, April 10 at 7 p.m.** where he will be discussing "Making the Most of Your Trinity Experience." If your schedule allows, I encourage you to [register and plan to join Joseph next week](#).

You are already known and celebrated at Trinity, and we are eager for you to claim your Bantam identity!

Best,

Matt Hyde  
Dean of Admissions & Financial Aid

Joseph M. Catrino  
Executive Director of Career & Life Design
